O+O Commerce Ready

API-First & Cloud Native

Highly Customizable

Extensive Accrual Types

DID YOU KNOW?

Customer retention is crucial for enterprise businesses: it's five times cheaper than acquiring new ones, and a

5% increase in retention

can boost profits up to **95%**

A CATALYST TO PROPEL YOUR BUSINESS FORWARD

Enterprise-Class Loyalty Solution

Embrace the new age of customer loyalty with our robust solution tailored for large enterprises. We offer extensive accrual types, making our platform highly configurable to suit your business needs.

Order Cloud Seamless Integration

API-Driven, it easily integrates with any existing system like Order Cloud. Ensuring a smooth and efficient onboarding process.

MACH Architecture

Catalyzer Loyalty's MACH-based architecture enhances shopping experiences, supporting Online + Offline models and incentivizing in-store actions.

Intelligent and Evolving

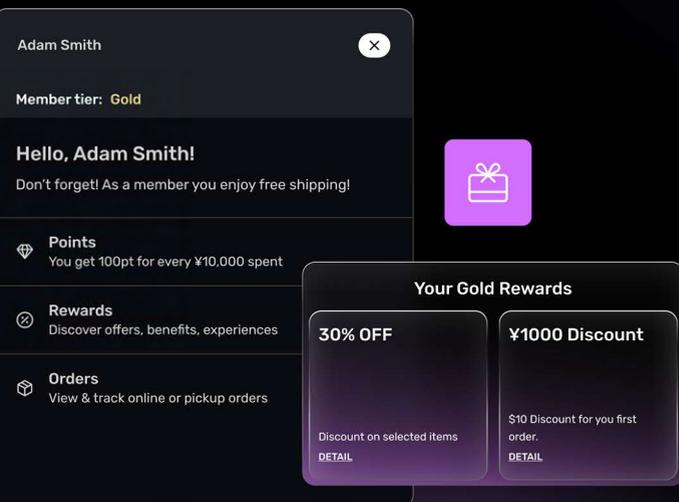

Catalyzer Loyalty comes equipped with cutting-edge AI use cases. Our dedication to continuous AI/ML enhancement guarantees an ever-evolving intelligent solution designed to deliver exceptional customer engagement.

Social Sharing of Rewards Points

Transform the loyalty experience by rewarding social interactions with loyalty points that can be distributed based on customer reviews or social shoutouts.

Blockchain Integration & Smart Contact Application

Trust and security are the cornerstones of any loyalty program. Allow customers to share rewards and effortlessly access loyalty platforms by easily integrating blockchain technology into loyalty programs.

End-to-end transformative solutions across **Intelligence, Tech, Marketing, and Creative**
